Hi Michelle,

It's currently processing in ECAPs. If we can get those figures for 9/22 – whatever end date EPA will need, that would be super beneficial. That would help expedite the amendment needed next week. We're also working towards our spend plan and will need predicted obligations for October, as well as the life of the MA for this disaster.

Good Afternoon!

I just wanted to check in and make sure that you didn't have any questions or needed any additional information.

Thanks

Michelle

We would like to amend our MA to request \$2,100,000 from now until September 21, 2017.

We are still expecting to extend our MA thru October 12, 2017. (We will be requesting additional funding from September 22 – October 12, 2017.)

If you have any questions, please let me know.

Thank you.

Michelle

Good Morning.

We would like to extend our MA for 30 days for an additional \$7,500,000.

If I you have any questions, please do not hesitate to contact me.

Thank you for all your support.

Michelle

Subject: Re: ESF-10 MA Incremental Funding

Quick question...Does the the cost recovery go to 90/10 after September 30th?

Sent from my iPhone

On Sep 12, 2017, at 2:19 PM, Parks, Philip <Philip.Parks@fema.dhs.gov> wrote:

Good day, Michelle. Our JFO has informed me they now have authority for 30-day rather than just 5-day incremental funding. The MA for your ESF-10 mission(s) expires on September 30th, so depending upon your projection of mission duration, the MA

can be funded beyond the previous 5-day restrictions. If you project work requirements past the end of September, you may address your request for 30 days in an e-mail to be attached to the MA-3 RRF about which you inquired. That e-mail can be addressed to Ms. Ari Deruise, to whom I have cc'd on this correspondence. Please cc me on your traffic for my "SA".

Please give me a call if this doesn't make sense.

Ari – thanx for your assistance on this.

Regards,

Philip
